

CrossBar Battery Recycling Program

CrossBar Electronic Cigarettes is committed a cleaner environment and is offering a recycling program in an effort to reduce the number of batteries being disposed as solid waste. We are offering this program to our customers at no cost. CrossBar will be providing battery recycling containers to facilities that wish to participate in the program. Please read below for specific instructions on the program specifications.

CONTAINER: All recycling containers will be identified with the CrossBar logo and marked as a “Dry Cell Battery Recycle Kit” (see photo A)

Photo A

Do NOT place any other items, including any other types of batteries, into the recycling container. This container is specifically for the battery contained within the electronic cigarette with an identifier of “08570”.

IMPORTANT: Please remove the battery from the electronic cigarette casing prior to placing it into the recycling container. This is mandatory. **ONLY BATTERIES SHOULD BE PLACED INTO THE CONTAINER.**

A printed document will accompany each container kit that will provide step by step instructions on how to “set up” the container. Also included is an emergency response guide relative to our battery. (See photos B and C) Once the container is full, follow the instructions provided to ship it, at no cost, to the recycling center. Contact us at 606-260-3668 to obtain a new or additional recycling containers.

Each container comes with a unique container ID number. Please document that ID number for your records. (See photo D)

If you have a leaking or damaged battery, please secure it in a ziplock bag and label it as “leaking battery”. Do not include with the other batteries in the container. Contact us at 606-260-3669 for further instructions.
